

ABSTRACT

Zaenuri, Isyah. (09.05.1.1.1.00040). Erick's Antisocial Personality Disorder in Gaston Leroux's *The Phantom of the Opera*. Thesis. English Study Program of the Faculty of Social and Cultural Sciences, Trunojoyo University. Advisors: (I) Suci Suryani, S.S, M.Pd. , (II) Dr. Masduki, M.Pd.

Since antisocial personality disorder includes to a phenomenon of abnormal behavior in the society and it happens in reality, this study focus on the antisocial personality disorder suffered by the character, Erick in Gaston Loeroux's *The Phantom of the Opera*. This study is intended to explain the traits and causes of antisocial personality disorder suffered by Erick. Moreover, antisocial personality disorder is used as the main theory by using psychology and literature as the umbrella.

This study is conducted using qualitative method since the source of data is a novel which is a written text. The data are the character's utterances and the narrator's narration related to the traits and causes of antisocial personality disorder suffered by Erick. The key instrument is the writer himself. Moreover, this study uses interactive data analysis which contains three linked sub process; data reduction, data display, and conclusion drawing/verification.

After analyzing the novel, it can be found that the traits of antisocial personality disorder suffered by Erick are lack of conscience, inability to profit from mistake, and lack of emotional ties others. Moreover, the causes of antisocial personality disorder suffered by Erick are psychological and environmental factor.

Keywords: Personality Disorder, Antisocial Personality Disorder, *The Phantom of the Opera*.
