

Siti Mufaizah. 2025. *Pengembangan Media Pembelajaran Berbasis Android Bertema Keberagaman Hutan Mangrove pada Keterampilan Menulis Teks Puisi Kelas VIII SMP*. Skripsi, Program Studi Pendidikan Bahasa dan Sastra Indonesia, Fakultas Keguruan dan Ilmu Pendidikan, Universitas Trunojoyo Madura. Pembimbing: Mega Puspitasari, M.Pd.

ABSTRAK

Penelitian ini merupakan penelitian pengembangan (Research and Developmet) yang dilatarbelakangi karena (1) adanya kesulitan peserta didik dalam mengekspresikan ide dan gagasannya dalam bentuk teks puisi dan (2) belum ada media pembelajaran khusus pada materi teks menulis puisi. Penelitian ini bertujuan untuk; (1) mengetahui proses pengembangan media pembelajaran berbasis Android bertema keberagaman hutan mangrove pada keterampilan menulis puisi kelas VIII SMP dan (2) mengetahui bagaimana respon peserta didik terhadap pengembangan media pembelajaran berbasis android bertema keberagaman hutan mangrove pada keterampilan teks menulis puisi kelas VIII SMP. Implementasi produk pengembangan dilakukan di SMPN 7 Bangkalan dengan subjek uji coba sebanyak 21 peserta didik. Hasil penelitian menunjukkan; (1) proses pengembangan media pembelajaran berbasis android bertema keberagaman hutan mangrove pada keterampilan menulis teks puisi kelas VIII SMP memperoleh nilai rata-rata kelayakan validasi ahli media sebesar 91,6%, ahli bahasa sebesar 92,5%, dan ahli materi sebesar 86,3% dengan kategori sangat layak dan (2) respons peserta didik terhadap pengembangan media pembelajaran berbasis android bertema keberagaman hutan mangrove pada keterampilan menulis teks puisi kelas VIII SMP sangat baik, hasil rata-rata respons peserta didik memperoleh nilai kelayakan sebesar 91,4% dengan kategori sangat layak sehingga media pembelajaran yang dikembangkan yaitu aplikasi MABEL PUISI dapat digunakan dalam proses pembelajaran di sekolah.

Kata kunci: Media pembelajaran, keberagaman hutan mangrove, teks puisi.

Siti Mufaizah. 2025. *Development of Android-Based Learning Media with the theme of Mangrove Forest Diversity on Writing Poetry Text Skills for Class VIII Junior High School*. Thesis, Indonesian Language and Literature Education Study Program, Faculty of Teacher Training and Education, Trunojoyo Madura University. Advisor: Mega Puspitasari, M.Pd.

ABSTRACT

This research is a development research (Research and Development) which is motivated by (1) the difficulty of students in expressing their ideas in poetry and (2) the absence of special learning media on poetry writing text material. This study aims to; (1) find out the process of developing Android-based learning media themed mangrove forest diversity in poetry writing skills grade VIII junior high school and (2) find out how students respond to the development of android-based learning media themed mangrove forest diversity in text skills writing poetry grade VIII junior high school. Implementation of development products was carried out at SMPN 7 Bangkalan with a trial subject of 21 students. The results showed; (1) the development process of android-based learning media with the theme of mangrove forest diversity in the skill of writing poetry text for class VIII junior high school obtained an average value of media expert validation of 91.6%, language experts of 92.5%, and material experts of 86,3% with a very feasible category and (2) students' responses to the development of android-based learning media with the theme of mangrove forest diversity in the skill of writing poetry texts in class VIII junior high school are very good, the average results of students' responses obtained a feasibility score of 91.4% with a very feasible category so that the learning media developed, namely the MABEL PUISI application, can be used in the learning process at school.

Keywords: Learning media, mangrove forest diversity, poetry text.
