

ABSTRACT

Jannah, Z. I. 12.05.1.1.1.00100. *A Study Of Stuttering Behavior Of The Main Character In TheKing'sSpeech*. Thesis.English Study Program of Faculty of Social and Cultural Sciences, University of Trunojoyo Madura.Advisor: DiahIkawatiAyuningtias, S.S., M.Pd.

This study focuses on stuttering behavior and stuttering treatment of the main character, Prince Albert Duke of York found in *The King's Speech* movie. This study aims to explain clearly types of stuttering behavior and stuttering treatment shown by the main character in the movie *The King's Speech*.

This study was conducted by applying a qualitative research design since the data are in the form of words. The data of this study are the utterances indicating stuttering behavior of the main character in *The King's Speech*. The data are collected by using content analysis method. In analyzing data, the writer uses interactive data analysis. This study uses the theories which are proposed by Patricia Zebrowski (2007) and Lavid (2003) to analyze the data.

In the finding of the study, the writer found 57 data. The writer show that there are seven types of stuttering behavior and four types of stuttering treatments occurs in *TheKing's Speech*. For stuttering behavior only 1 data which is included into interjections, 2 data which are included into phrase repetition, 3 data which are included into repetitions of individual sounds or syllable, 1 data which is included into prolongations of sounds, 36 data which are included into silent block, 3 data which are included into monosyllabic whole-word repetition and 2 data which are included into broken word. Then, for stuttering treatment 4 data which are included into speech therapy, 3 data which are included into singing, 1 data which is included into auditory masking and 1 data which is included into speaking alone. The results of this study show that the dominant of stuttering behavior shown by Prince Albert is silent block. Then, the dominant of stuttering treatment shown by Prince Albert is speech therapy.

Keyword : Stuttering Behavior, Stuttering Treatment, *The King's Speech*.
