ABSTRAK

Tujuan penelitian untuk mengetahui kevalidan, keefektifan dan kepraktisan Buku Ajar Pendamping Berbasis Kearifan Lokal Nganjuk Tema Menyayangi Tumbuhan dan Hewan. Penelitian ini dilakukan pada kelas III SDN 1 Sanggrahan Kecamatan Gondang, Kabupaten Nganjuk. Penelitian pengembangan ini menggunakan model Borg and Gall dengan sepuluh tahap. Kevalidan kepraktisan Buku Ajar Pendamping Berbasis Kearifan Lokal Nganjuk Tema Menyayangi Tumbuhan dan Hewan diperoleh dari validator ahli materi 94%, validator ahli bahasa 78%, validator ahli desain buku ajar 92%, dan validator ahli budaya 89% dan memperoleh rata – rata 89,5% dengan kategori sangat valid. Hasil kepraktisan diperoleh dari angket respon siswa pada uji coba produk awal dengan 6 siswa memperoleh nilai sebesar 81%, sedangkan uji coba pemakaian dengan 22 siswa menunjukkan hasil 95%, hasil angket respon guru menunjukkan nilai 100%. Hasil ini menunjukkan bahwa Buku Ajar Pendamping Berbasis Kearifan Lokal Nganjuk Tema Menyayangi Tumbuhan dan Hewan “sangat praktis” dan dapat digunakan untuk pembelajaran.

ABSTRACT

The aim of the study was to determine the validity, effectiveness and practicality of the Nganjuk Local Wisdom-Based Companion Textbook on the Theme of Loving Plants and Animals. This research was conducted in class III at SDN 1 Sanggrahan, Gondang District, Nganjuk Regency. This development research uses the Borg and Gall model with ten stages. The practical validity of the Companion Textbook Based on Nganjuk Local Wisdom on the Theme of Loving Plants and Animals was obtained from 94% material expert validator, 78% language expert validator, 92% textbook design expert validator, and 89% cultural expert validator and obtained an average of 89,5% with very valid category. As well as in the use trial, it obtained a score of 76.1 on the pre-test and 86.3 for the post-test with 100% completeness. The practicality results were obtained from the student response questionnaire in the initial product trial with 6 students obtaining a score of 81%, while the usage trial with 22 students showed a 95% result, the results of the teacher's response questionnaire showed a value of 100%. These results indicate that the Nganjuk Local Wisdom-Based Companion Textbook with the Theme of Loving Plants and Animals is "very practical" and can be used for learning.
