

ABSTRACT

Dariyanto, Analysis of the Role of the Family Hope Program in Achieving Village Sustainable Development Goals (SDGs) (Study in Jaan Village, Gondang District, Nganjuk Regency) under the guidance of Norita Vibriyanto, S.E., M.E

This research aims to analyze the role of the Family Hope Program in achieving the Sustainable Development Goals (SDGs) of Jaan Village. The research approach used was qualitative with a source triangulation test. Informants in this study consisted of PKH beneficiaries, village officials and PKH assistant officers. Data collection techniques were obtained through interviews and documentation. The research results show that the role of the Family Hope Program contributes to village SDGs 4 (quality village education) through the use of assistance for children's educational needs, Village SDGs 2 (no hunger) helps fulfill basic needs, thereby increasing family food security, Village SDGs 3 (healthy and prosperous), use of assistance for purchasing medicines and routine treatment Village SDGs 6 (sanitation and adequate clean water) through assistance used to pay for clean water connections and PDAM bills.

Keywords: Family Hope Program, Quality Education, Food Security

ABSTRAK

Dariyanto, Analisis Peran Program Keluarga Harapan Terhadap Pencapaian Sustainable Development Goals (SDGs) Desa (Studi di Desa Jaan, Kecamatan Gondang, Kabupaten Nganjuk) bawah bimbingan Norita Vibriyanto, S.E., M.E

Penelitian ini bertujuan untuk menganalisis Peran Program Keluarga Harapan terhadap Pencapaian Sustainable Development Goals (SDGs) Desa Jaan. Pendekatan penelitian yang digunakan adalah kualitatif dengan uji triangulasi sumber, Informan dalam penelitian ini terdiri dari penerima manfaat PKH, perangkat desa, dan petugas pendamping PKH, teknik pengumpulan data diperoleh melalui wawancara dan dokumentasi. Hasil penelitian menunjukkan bahwa peran Program Keluarga Harapan berkontribusi terhadap SDGs desa 4 (pendidikan Desa berkualitas) melalui pemanfaatan bantuan untuk kebutuhan pendidikan anak, SDGs Desa 2 (tanpa kelaparan) membantu pemenuhan kebutuhan pokok, sehingga meningkatkan ketahanan pangan keluarga, SDGs Desa 3 (sehat dan Sejahtera), penggunaan bantuan untuk pembelian obat dan pengobatan rutin SDGs Desa 6 (sanitasi dan layak air bersih) melalui bantuan yang digunakan untuk membayar sambungan air bersih dan tagihan PDAM.
