ABSTRACT

This study was conducted to develop Let's Know About Animals based on animated videos for introducing vocabulary in three languages to early childhood. This research used the Research and Development (R&D) model. The population of the study consisted of 4-5-year-old children at Bina Anaprasa Kindergarten, with a sample of 30 children. Data collection for this research utilized several methods such as interviews, questionnaires, observations, and documentation. Based on the research findings, the developed animated video media was deemed valid and suitable for use as a learning media for children. Therefore, the Let's Know About Animals media based on animated videos for introducing vocabulary in three languages can be implemented in teaching and facilitate children's learning process. Activities through animated videos attract children's interest in learning.
