

Qurrotul Aini, 2026. *Pengembangan Media Papan Peta Aini (Ayo Bermain Peta Negara Indonesia) terhadap Hasil Belajar Siswa Materi Letak Geografis Indonesia Kelas V SD Negeri Blega 2*. Skripsi, Program Studi Pendidikan Guru Sekolah Dasar, Fakultas Keguruan dan Ilmu Pendidikan, Universitas Trunodjoyo Madura. Pembimbing: Conny Dian Sumadi, S.Pd., M.Pd.

ABSTRAK

Media pembelajaran memiliki peran penting dalam membantu siswa memahami materi pembelajaran secara konkret dan menarik. Namun, keterbatasan media pembelajaran pada mata pelajaran IPAS di kelas V SD Negeri Blega 2 menyebabkan siswa mengalami kesulitan dalam memahami materi letak geografis Indonesia. Penelitian ini bertujuan untuk mengembangkan media Papan Peta Aini (Ayo Bermain Peta Negara Indonesia) serta mengetahui tingkat kevalidan, kemenarikan, dan keefektifan media tersebut dalam pembelajaran IPAS. Metode penelitian yang digunakan adalah Research and Development (R&D) dengan model pengembangan ADDIE yang meliputi tahap Analysis, Design, Development, Implementation, dan Evaluation. Media yang dikembangkan divalidasi oleh ahli materi sebesar 84,90% (sangat valid) ahli media sebesar 90% (sangat valid), dan ahli desain pembelajaran sebesar 91,60% (sangat valid). Keefektifan media diperoleh melalui hasil belajar siswa sebesar 100% (tuntas) serta observasi aktivitas guru sebesar 100% (sangat efektif) dan observasi aktivitas siswa sebesar 93,7 (sangat efektif), sedangkan kemenarikan media diperoleh dari angket respon guru sebesar 100% (sangat menarik) dan angket respon siswa 99,5% (sangat menarik). Hasil penelitian menunjukkan bahwa media Papan Peta Aini termasuk dalam kategori sangat valid, efektif, dan menarik untuk digunakan dalam pembelajaran IPAS. Dengan demikian, media Papan Peta Aini layak digunakan sebagai alternatif media pembelajaran untuk meningkatkan hasil belajar siswa pada materi letak geografis Indonesia kelas V SD Negeri Blega 2.

Kata Kunci: media pembelajaran, Papan Peta Aini, IPAS, letak geografis Indonesia, hasil belajar

Qurrotul Aini, 2026. *The Development of Papan Peta Aini Learning Media (Let's Play the Map of Indonesia) on Students' Learning Outcomes in Indonesian Geographical Location Material for Grade V at SD Negeri Blega 2*. Thesis, Department of Elementary School Teacher Education, Faculty of Teacher Training and Education, Trunodjoyo Madura University. Supervisor: Conny Dian Sumadi, S.Pd., M.Pd.

ABSTRACT

Learning media has an important role in helping students understand learning materials in a concrete and interesting way. However, the limitations of learning media in the science subject in grade V of Blega 2 State Elementary School cause students to experience difficulties in understanding the material on the geographical location of Indonesia. This study aims to develop the Aini Map Board media (Let's Play the Map of Indonesia) and determine the level of validity, attractiveness, and effectiveness of the media in science learning. The research method used is Research and Development (R&D) with the ADDIE development model which includes the stages of Analysis, Design, Development, Implementation, and Evaluation. The developed media was validated by material experts by 84.90% (very valid), media experts by 90% (very valid), and learning design experts by 91.60% (very valid). The effectiveness of the media was obtained through student learning outcomes of 100% (complete) and teacher activity observations of 100% (very effective) and student activity observations of 93.7 (very effective), while the attractiveness of the media was obtained from the teacher response questionnaire of 100% (very interesting) and the student response questionnaire of 99.5% (very interesting). The results of the study showed that the Aini Map Board media was included in the category of very valid, effective, and interesting to be used in science learning. Thus, the Aini Map Board media is worthy of being used as an alternative learning media to improve student learning outcomes in the material on the geographical location of Indonesia for grade V of Blega 2 Elementary School.
