

Ihda Amalia. 2026. *Pengembangan Media KOMETA (Komik Metamorfosis) pada Mata Pelajaran IPAS Kelas III SDN Kamal 2 Bangkalan*. Skripsi, Program Studi Pendidikan Guru Sekolah Dasar, Fakultas Keguruan dan Ilmu Pendidikan, Universitas Trunodjoyo Madura. Ade Cyntia Pritasari, S.Pd, S. Pd., M. Pd.

ABSTRAK

Penelitian pengembangan yang menghasilkan produk media KOMETA (Komik Metamorfosis) Terintegrasi Kelestarian Alam pada mata pelajaran IPAS materi metamorfosis untuk kelas III SDN Kamal 2 Bangkalan ini dilatarbelakangi oleh keterbatasan media pembelajaran yang mampu memberikan visualisasi konkret sehingga hasil belajar siswa masih rendah dan pembelajaran belum berlangsung secara optimal. Tujuan penelitian ini adalah untuk mengetahui tingkat kevalidan, keefektifan, dan kemenarikan media KOMETA yang dikembangkan. Penelitian ini merupakan penelitian dan pengembangan (Research and Development) yang mengacu pada model ADDIE yang meliputi lima tahapan, yaitu analisis, desain, pengembangan, implementasi, dan evaluasi. Subjek penelitian adalah siswa kelas III-B dengan uji coba terbatas dan uji coba luas. Kevalidan media diperoleh berdasarkan hasil penilaian para ahli dengan persentase validasi ahli materi sebesar 95%, ahli media 92%, ahli desain pembelajaran 90%, dan ahli bahasa 98%, yang seluruhnya berada pada kategori sangat valid. Keefektifan media dianalisis berdasarkan ketuntasan hasil belajar siswa yang mencapai 85%, serta hasil observasi aktivitas guru sebesar 95% dan aktivitas siswa sebesar 94,5% yang termasuk kategori sangat efektif. Kemenarikan media diperoleh dari hasil angket respon guru sebesar 95% dan respon siswa sebesar 98,6% dengan kategori sangat menarik. Berdasarkan hasil analisis data tersebut, dapat disimpulkan bahwa media KOMETA layak digunakan dalam pembelajaran IPAS kelas III karena memenuhi kriteria valid, efektif, dan menarik.

Kata kunci: Media Komik, Metamorfosis, Kelestarian Alam

Ihda Amalia. 2026. Development of KOMETA Media (Metamorphosis Comic) in the IPAS Subject for Third-Grade Students at SDN Kamal 2 Bangkalan. Thesis, Elementary School Teacher Education Study Program, Faculty of Teacher Training and Education, Trunodjoyo University Madura. Ade Cyntia Pritasari, S. Pd., M. Pd..

ABSTRAK

This development research produced a learning media called KOMETA (Metamorphosis Comic) Integrated with Environmental Conservation for the IPAS subject on metamorphosis material for third-grade students at SDN Kamal 2 Bangkalan. This research was motivated by the limited availability of learning media that provide concrete visualization, resulting in low student learning outcomes and less optimal learning processes. The purpose of this study was to determine the validity, effectiveness, and attractiveness of the developed KOMETA media. This study employed a Research and Development method based on the ADDIE model, which consists of five stages: analysis, design, development, implementation, and evaluation. The research subjects were third-grade students, involving small group and large group trials. The validity results showed that the KOMETA media was categorized as very valid, with validation percentages of 95% from the material expert, 92% from the media expert, 90% from the instructional design expert, and 98% from the language expert. The effectiveness of the media was indicated by classical learning mastery of 85%, teacher activity observation results of 95%, and student activity observation results of 94.5%, which were categorized as very effective. The attractiveness of the media was supported by teacher response questionnaire results of 95% and student response questionnaire results of 98.6%, both categorized as very attractive. Based on these findings, it can be concluded that the KOMETA media is feasible for use in third-grade IPAS learning because it meets the criteria of being valid, effective, and attractive.
