ABSTRAK

Tujuan penelitian ini yaitu untuk mengetahui kevalidan dan keefektifan dari buku penghubung berbasis android di SD Karakter Anna Cendekia Insani Bangkalan. Penelitian ini menggunakan metode R&D dengan model penelitian *ADDIE* dengan tahapan *Analysis, Design, Development, Implementation, dan Evaluation*. Penelitian pengembangan pada penelitian ini menggunakan teknik pengumpulan data berupa observasi, wawancara dan angket. Adapun kevalidan produk diperoleh dari validator ahli media 92,00%, ahli bahasa sebesar 95,00%, dan ahli angket keektifan sebesar 89% dengan kategori sangat valid. Sedangkan keefektifan produk dapat diperoleh dari lembar keefektifan guru dan orang tua siswa yang menunjukkan persentase 85,00%, Berdasarkan hasil penelitian ini, maka buku penghubung berbasis android dapat dikatakan valid dan efektif digunakan di SD Karakter Anna Cendekia Insani Bangkalan. Buku penghubung dikembangkan untuk memudahkan dalam memantau perkembangan siswa dan dapat terjalinnya interaksi guru dengan orang tua siswa.

Kata Kunci : Buku Penghubung Berbasis Android, Media Komunikasi, Guru, Orang Tua Siswa

Salsabilla Betananda Rustiawan. 2024. Development of an Android-Based Connecting Book at the Anna Scholar Insani Bangkalan Character Elementary School. Thesis, Elementary School Teacher Education Study Program, Faculty of Education, Trunojoyo University Madura. Supervisor Tyasmiarni Citrawati, S.Pd., M.Pd.

ABSTRACT

The aim of this research is to determine the validity and effectiveness of the Android-based liaison book at the Anna Scholar Insani Bangkalan Character Elementary School. This research uses a combined method R&D with the ADDIE research model with the stages of Analysis, Design, Development, Implementation and Evaluation. Development research in this study uses data collection techniques in the form of observation, interviews and questionnaires. The product validity was obtained from media expert validators at 92.00%, language experts at 95.00% and expert questionnaire effectiveness of 89% with a very valid category. Meanwhile, the effectiveness of the product can be obtained from the teacher and parent effectiveness sheet which shows a percentage of 85.00%. Based on the results of this research, the Android-based connecting book can be said to be valid and effective for use at the Anna Scholar Insani Bangkalan Character Elementary School. The link book was developed to make it easier to monitor student progress and to ensure interaction between teachers and students' parents.
