Kata Kunci: Kekerasan Seksual - Penanggulangan Tindak Pidana - Kepolisian Resort Sampang

ABSTRACT

Cases of sexual violence in Sampang Regency have increased quite a bit based on data from the Sampang Resort Police. This has a negative impact on victims so that countermeasures are needed to minimize it. The role of the Sampang Resort Police is important in terms of enforcing the law, maintaining security, protection and service to the community. How to deal with criminal acts of sexual violence by the Sampang Resort Police.

The research used is empirical juridical, with the approach used being an exploratory approach, using primary data (through observation, interviews, focus group discussions) and secondary data, using descriptive data analysis methods.

The results of the research show that the handling of criminal acts of sexual violence by the Sampang Resort Police uses penal efforts by reporting or complaints, investigations and inquiries to deter perpetrators and victims to obtain their rights. Apart from that, in a non-penal way BABINKAMTIBMAS Sampang Regency carries out surveillance in the sub-district environment, the Sampang Resort Police collaborates with P2TP2A Sampang Regency to carry out socialization on dealing with criminal acts of sexual violence, distributes sexual violence banners, collaborates with the Sampang Resort Police with Psychologists for medical therapy and also the role of social workers with P2TP2A Sampang Regency guards perpetrators and victims of sexual violence. Based on the handling of criminal acts of sexual violence by the Sampang Resort Police, this resulted in many reports or complaints from the public, so that the public became aware and had the courage to report these acts.
