

ABSTRACT

Hengky Kurniawan, the role and realization of the use of village funds in economic development and empowerment of village communities (study: Sukosongo village, Kembangbahu sub-district, Lamongan district). Under Dr. Sutikno S., E. M, .E. This study aims to determine village funds in village economic development and empowerment of village communities. In addition, this study also aims to analyze the realization of the use of village funds in the village of Sukosongo.

This research was conducted using a descriptive qualitative approach by looking at the phenomena that occur in the field and also a normative juridical approach with statute analysis methods. The technique of collecting data was carried out through interviews and documentation. The analysis technique use study casses. To check its validity, it uses a credibility test with triangulation of sources and data collection. Then the data were analyzed by presenting the data as well as drawing conclusions.

This study found that the role of village funds in the field of village development is very large, especially in infrastructure development, but this has not been able to reduce poverty in Sukosongo Village. The realization rate of using Village funds in Sukosongo Village in 2019-2020 reached 100%. There are 2 program activities that do not yet have benefits, namely BUMDes and investment for BUMDes. The role of village funds in the field of community empowerment is still very minimal.

Keywords: *Role of Village Funds, Realization of Village Funds, Empowerment*

ABSTRAK

Hengky Kurniawan, peran dan realisasi penggunaan dana Desa dalam pembangunan ekonomi dan pemberdayaan masyarakat Desa (studi : Desa Sukosongo kecamatan Kembangbahu kabupaten Lamongan). Di bawah bimbingan Dr. Sutikno S.,E. M.,E. penelitian ini bertujuan untuk mengetahui dana Desa dalam pembangunan ekonomi Desa serta pemberdayaan masyarakat Desa. Selain itu penelitian ini juga bertujuan untuk menganalisis realisasi penggunaan dana Desa di Desa Sukosongo.

Penelitian ini dilakukan dengan menggunakan pendekatan kualitatif deskriptif dengan melihat fenomena yang terjadi di lapangan dan juga pendekatan yuridis normative dengan metode analisis Undang Undang. Teknik pengumpulan data dilakukan melalui wawancara dan dokumentasi, Teknik analisis yang digunakan yaitu teknik analisis studi kasus. Untuk pemeriksaan keabsahannya menggunakan uji kredibilitas dengan triangulasi sumber dan pengumpulan data. Kemudian data dianalisis dengan cara penyajian data sekaligus penarikan kesimpulan.

Penelitian ini mendapatkan hasil bahwa peran dana Desa dalam bidang pembangunan Desa sangat besar terutama dalam pembangunan infrastruktur akan tetapi hal tersebut masih belum bisa mengurangi angka kemiskinan di Desa Sukosongo. Tingkat realisasi penggunaan dana Desa di Desa Sukosongo pada tahun 2019-2020 mencapai 100%. Terdapat 2 program kegiatan yang belum memiliki kemanfaatan yaitu BUMDes dan penanaman modal untuk BUMDes. Peran dana Desa dalam bidang pemberdayaan masyarakat masih sangat minim.

Kata Kunci : *Peran Dana Desa, Realisasi Dana Desa, Pemberdayaan*
