This study is intended to explain about the class conflict in the novel inheritance of loss, where two difference classes have difference value and thought. Upper class people dominating and do what ever they want with their dominance, money make them powerful and make another class become their woker. as revealed by Karl Marx. Based on problems problems arise along with questionings, which are delivered to two main questions of (1) how does the lower class struggle for their love in the inheritance of loss novel? And (2) how is the love relation between the lower class and upper class in the inheritance of loss novel? As the reasult describes that different social class bring conflict. The upper class people as the powerless make the lower class they worker, they always do what ever they want by their powerful. The lower class people cant do anything because they need mony and upper class people can give them that.
