Zulfa Syalshabilla Azizah. 2023. Development of the Bangkalan Regency Local Tourism History Module in Theme 7 Subtheme 3 Class IV Elementary School. Thesis, Elementary School Teacher Education Study Program, Faculty of Education, Trunojoyo University Madura. Supervisor: Tyasmiarni Citrawati, S.Pd., M.Pd.

ABSTRACT

This research and development aims to (1) determine the validity of the Bangkalan Regency Local Tourism History Module, (2) determine the attractiveness of the Bangkalan Regency Local Tourism History Module, (3) determine the effectiveness of the Bangkalan Regency Local Tourism History Module. The model used in this research and development is the 4D model. Based on the results of expert assessments, the percentage of validity obtained with an average of the Bangkalan Regency Local Tourism History Module of 91.27% with a very valid category. The effectiveness of the Bangkalan Regency Local Tourism History Module is measured through teacher activity assessment with a percentage value of 85.57% and student activity observation assessment with a percentage value of 90.33% and assessment of student classical learning completeness results of 100%. Based on the results of the percentage of teacher activity values, students, and students' classical learning completeness, it can be concluded that the Bangkalan Regency Local Tourism History Module is effective for use in learning. The attractiveness of the Bangkalan Regency Local Tourism History Module is measured through the results of the student response questionnaire of 81.73% with a very interesting category and the results of the teacher response questionnaire of 90.62% with an average of 86.17%. Based on the results of the study, the Bangkalan Regency Local Tourism History Module is very valid, very interesting, and very effective to be used in the learning process in grade IV Elementary School.
