

ABSTRAK

Linda Nur Azizah 17.05.211.00.047. Program Studi Sosiologi, Strategi Bertahan Hidup Anggota GRC Di Masa Pandemi Covid-19 (Studi Kasus di Desa Sugihwaras, Kecamatan Parengan, Kabupaten Tuban).

Tujuan dalam penelitian ini, untuk mengetahui bagaimana Strategi Bertahan Hidup Anggota GRC Di Masa Pandemi Covid-19 Di Desa Sugihwaras, Kecamatan Parengan, Kabupaten Tuban. Anggota Komunitas GRC, beranggotakan para pekerja rantau yang berasal dari Desa Sugihwaras, tentunya sebagai pekerja yang kondisi pekerjaan ada yang mengalami Pemutusan Hubungan Kerja (PHK), peralihan kerja dengan kondisi gaji yang tidak sesuai, serta tidak tersedianya lapangan kerja atau proyek kerja di masa pandemi Covid-19 harus melaksanakan strategi untuk tetap bertahan hidup didalam masa sulit atau pandemi Covid-19. Dalam penelitian ini menggunakan analisis teori dari James C. Scott mengenai Mekanisme *Survival*.

Setelah melakukan observasi, wawancara, penyajian data, reduksi data, dan proses analisis data. Dapat diperoleh hasil penelitian berupa, strategi untuk mengatasi masa pandemi Covid-19 yang dilakukan oleh anggota komunitas GRC terdapat lima (5) jenis strategi yang dilakukan oleh anggota komunitas GRC (Garas rantau *Community*)

Kata Kunci : Strategi, Bertahan Hidup, Anggota Komunitas GRC, Pandemi Covid-19

ABSTRACT

Linda Nur Azizah 17.05.211.00.047. The Sociology Study Program, Survival Strategies for GRC Members During the Covid-19 Pandemic (Case Study in Sugihwaras Village, Parengan District, Tuban Regency).

The purpose of the study was to find out how the GRC Members' Survival Strategy During the Covid-19 Pandemic In Sugihwaras Village, Parengan District, Tuban Regency. Members of the GRC Community, consisting of overseas workers from Sugihwaras Village, of course as workers whose work conditions have experienced Termination of Employment (PHK), job transitions with inappropriate salary conditions, and unavailability of job opportunities or work projects during the pandemic Covid-19 must implement strategies to survive in difficult times or the Covid-19 pandemic. In this study using theoretical analysis from James C. Scott regarding the Mechanism of Survival.

After conducting observations, interviews, data presentation, data reduction, and data analysis processes. Research results can be obtained in the form of strategies to overcome the Covid-19 pandemic period carried out by members of the GRC community, there are five (5) types of strategies implemented by GRC (Garas rantau Community)

Keywords: Strategy, Survival, GRC Community Members, Covid-19 Pandemic
