ABSTRACT

The development research aims to produce the Thematic Companion Textbook Based on Sumenep Local Wisdom Theme 8 Sub-theme 2 Class IV and to find out the validity, attractiveness and effectiveness of students in the thematic companion textbook based on Sumenep local wisdom. The research development model used in this study is the 4D model. The steps for developing a 4D model are 1) Define, 2) Design, 3) Develop, 4) Disseminate. This research was conducted in class IV SDN Talango 1. The developed textbooks were tested for validity through the validation of several experts, namely linguists, material experts, textbook design experts and learning design experts. The research subjects used in the small group test were 6 students. The results of the development research show that the total validation score of linguists, material experts, textbook design experts and learning design experts obtained a score of 80.52% (valid). Students' interest in thematic companion textbooks seen from the student response questionnaire obtained a score of 80% (very interesting). The effectiveness of the thematic companion textbooks is seen from the results of observations of teacher activities, results of observations of student activities and student test sheets. The results of the teacher activity observation sheet obtained a score of 93.75%, the results of the student activity observation sheet obtained a score of 86.90%, the test sheet results showed an increase of 33.34%. Based on these results, it shows that the Sumenep Local Wisdom-Based Thematic Companion Textbook is valid, interesting and effective so that the textbook is worthy of being used as a thematic companion textbook on theme material 8 sub-themes 2 learning 1 and 2 in elementary school grade IV.
