

ABSTRACT

Taufiqur Rahman, Influence of Capital, Number of Workers, Length of Business (Study of woven cloth business in Wedani Village, Cerme District). Under the guidance of Slamet Joko Utomo, S.E., M.E. The aim of this research is to determine the influence of capital, number of workers, and length of business both individually and collectively on woven fabric business income in the area. Based on the results of Eviews 13 calculations using quantitative analysis methods and the number of respondents of 49 woven cloth entrepreneurs, it was found that the results of capital, number of workers, and length of business had a positive and real influence on the income of woven cloth businesses in Wedani Village, Cerme District, Gresik Regency.

Keywords: number of workers, length of business, capital, income

ABSTRAK

Taufiqur Rahman, Pengaruh Modal, Jumlah tenaga kerja, Lama Usaha (Studi usaha kain tenun di Desa Wedani Kecamatan Cerme). Dibawah bimbingan Slamet Joko Utomo, S.E., M.E. Tujuan dari penelitian ini adalah untuk mengetahui pengaruh modal, jumlah tenaga kerja, dan lama usaha baik secara individu maupun bersama – sama terhadap pendapatan usaha kain tenun di daerah tersebut. Berdasarkan hasil perhitungan Eviews 13 dengan menggunakan metode analisis kuantitatif dan jumlah responden 49 pengusaha kain tenun diperoleh hasil modal, jumlah tenaga kerja, dan lama usaha berpengaruh positif dan nyata terhadap pendapatan usaha kain tenun di Desa Wedani Kecamatan Cerme Kabupaten Gresik.

Kata Kunci : *jumlah tenaga kerja, lama usaha, modal, pendapatan*
