

ABSTRAK

Badan Ketahanan Pangan dan Dewan Ketahanan Pangan merupakan 2 (dua) lembaga pangan yang diatur terpisah dalam Peraturan Presiden. Dalam hubungan kedua lembaga negara memiliki hubungan saling berkaitan untuk mencapai kemandirian pangan di tiap daerah. Walaupun hubungan saling berkaitan tetapi dalam fungsinya jauh berbeda baik Dewan Ketahanan Pangan dan Badan Ketahanan Pangan. Dewan Ketahanan Pangan hanya wadah koordinasi berbagai lembaga untuk mewujudkan kebijakan pangan. Badan Ketahanan Pangan merupakan kewenangan inti ketahanan pangan.

Pengerjaan tugas akhir ini menggunakan metode penelitian normatif. Analisa penelitian jenis normatif adalah dengan mengkaji bahan hukum tertulis yang berisi asas hukum, tata urutan hukum, perbandingan serta dari literature-literatur yang disusun secara kompleks sebagai instrument untuk mengurai dalam menjawab permasalahan.

Dari uraian analisis tersebut yang dilakukan penulis, mengoptimalkan kinerja Dewan Ketahanan Pangan dan Badan Ketahanan Pangan dan dalam tugasnya Badan Ketahanan Pangan tidak digabungkan dengan Badan lain.

Kata Kunci: Badan Ketahanan Pangan, Dewan Ketahanan Pangan, Kewenangan, Hubungan.

ABSTRACT

The Food Security Agency and Food Security Council are 2 (two) food institutions which are regulated separately in the Presidential Regulation. In the relations of the two state institutions there are interrelated relations to achieve food independence in each region. Although the relationship is interrelated, but in its function it is far different from both the Food Security Council and the Food Security Agency. The Food Security Council is only a forum for coordinating various institutions to realize food policies. The Food Security Agency is the core authority of food security.

The execution of this final project uses normative research methods. Normative research analysis is by reviewing written legal material that contains the principle of law, legal order, comparison and from the literature-literature that is arranged in a complex manner as an instrument to parse in answering the problem.

From the description of the analysis carried out by the author, optimizing the performance of the Food Security Council and the Food Security Agency and in its duties the Food Security Agency is not combined with other agencies.

Key words: Food security agency, Food security council, authority, relationship
