

ABSTRAK

Tujuan dari penelitian ini untuk mengetahui dan menganalisis pengaruh alokasi dana desa, dana desa, dan pendapatan asli desa terhadap skor indeks desa membangun di Kabupaten Bojonegoro. Variabel penelitian ini menggunakan ADD, DD, PADes, belanja bidang pelaksanaan pembangunan desa, dan skor indeks desa membangun. Data sekunder dari 419 desa yang ada di Kabupaten Bojonegoro selama 5 tahun. Metode yang digunakan adalah SEM-PLS. Hasil penelitian yang dilakukan menunjukkan bahwa variabel ADD, DD, dan PADes berpengaruh positif terhadap skor IDM. ADD, DD, dan PADes berpengaruh positif signifikan terhadap belanja bidang pelaksanaan pembangunan desa. Sementara itu belanja bidang pelaksanaan pembangunan desa berpengaruh negative signifikan terhadap skor IDM. Melalui variabel belanja bidang pelaksanaan pembangunan desa, ADD, DD, dan PADes secara tidak langsung berpengaruh negative signifikan terhadap skor IDM di Kabupaten Bojonegoro.

Kata kunci: Alokasi Dana Desa (ADD), Dana Desa (DD), Pendapatan Asli Desa (PADes), skor Indeks Desa Membangun (IDM)

ABSTRACT

The purpose of this study is to identify and analyze the effects of Village Fund Allocation (ADD), Village Funds (DD), and Village Original Income (PADes) on the Village Development Index (IDM) score in Bojonegoro Regency. The research variables include ADD, DD, PADes, expenditure in the field of village development implementation, and the IDM score. Secondary data from 419 villages in Bojonegoro Regency over a period of five years were used. The method employed is SEM=PLS. The results of the study show that the variables ADD, DD, and PADes have a positive effect on the IDM score. ADD, DD, and PADes have a significant positive effect on expenditure in the field of village development implementation. Meanwhile, expenditure in the field of village development implementation has a significant negative effect on the IDM score. Through the expenditure variable, ADD, DD, and PADes have an indirect significant negative effect on the IDM score in Bojonegoro Regency.

Keywords: Village Fund Allocation (ADD), Village Funds (DD), Village Original Income (PADes), Village Development Index score (IDM)
