Nisrina Ridha Azizah, Planning and Budgeting for Village Development and Village Tourism (Case Research in Telaga Biru Village and Pantai Biru Tourism) in Tanjung Bumi Sub-district, Bangkalan Regency, Madura. under the guidance of Mrs. Dr. Kurniyati Indahsari, M.Sc.

The purpose of this study was to identify the planning and budgeting process for the development of Telaga Biru Village, identify the planning and budgeting process for the development of Pantai Biru Tourism Village, explain conceptual suitability in the village planning and budgeting process and village tourism planning and budgeting.

This study used descriptive qualitative method. Sources of data using primary and secondary data, data collection techniques using interviews, instruments, and documentation. The focus of research is how to prepare planning and budgeting for Telaga Biru Village with Permendes PDTT 21 of 2020, how to prepare planning and budgeting for Pantai Biru Village Tourism with the concept of Tourism Local Economic Development (PEL), and how to integrate the two. The data analysis technique went through six stages, the results of the interview transcripts, coding the data, selecting according to the theme, and interpreting the data. The results showed that the planning and budgeting process for Telaga Biru Village was not in accordance with the Permendes PDTT Number 21 of 2020. The planning and budgeting process for Blue Beach Tourism is not fully in accordance with the Local Economic Development Concept. The integration of the two is that village tourism planning is included in village planning, and the village tourism budget depends on the Telaga Biru Village budget.
