

ABSTRACT

Anggraini, R. A. (2023). An Analysis Turn Taking Strategies on Dive Studio Podcast Building Chemistry with WayV's Ten. English Literature Study Program. Universitas Trunojoyo Madura.
Advisor: Misnadin, S.S., M.A., Ph.D.

This research analyzes the turn-taking strategies in Bulding Chemistry with WayV's Ten on Dive Studio Podcast youtube channel. The writer analyzed the types of turn-taking strategies used by the hosts and guest and the function of turn strategies in that podcast. The writer uses the qualitative method because this research data is in the form of utterances. The data of this research is based on the transcripts of speeches by the hosts and guest. In analyzing the types of turn-taking strategies, the study uses the theory of Stenstroom (1994).

The finding of this research demonstrate the kinds of tum taking strategies and their functions found in Dive Studio Podcast Building Chemistry with WayV's Ten, they refer to taking the turn strategy (16 data), holding the turn strategy (15 data) , yielding the turn strategy (19 data). Due to their functions, they are to evaluate the previous speaker, to take the turn without any plan before, to change a topic of conversation, to remember what the speaker will say, and to give chance to the next speaker. Finally, the author suggests that future researchers interested in turn-taking strategies. Then future researchers can observe or analyze the same hat with different objects and platforms.

Keywords: turn taking strategies, the function of turn taking strategies and Dive Studio Podcast.

ABSTRAK

Anggraini, R. A. (2023). An Analysis Turn Taking Strategies on Dive Studio Podcast Building Chemistry with WayV's Ten. Program Studi Sastra Inggris. Universitas Trunojoyo Madura.
Pembimbing: Misnadin, S.S., M.A., Ph.D.

Penelitian ini menganalisis strategi pengambilan giliran dalam Bulding Chemistry with WayV's Ten di channel youtube Dive Studio Podcast. Penulis menganalisis jenis-jenis strategi giliran yang digunakan oleh pembawa acara dan tamu serta fungsi strategi giliran dalam podcast tersebut. Penulis menggunakan metode kualitatif karena data penelitian ini berupa ujaran-ujaran. Data penelitian ini didasarkan pada transkrip pidato pembawa acara dan tamu. Dalam menganalisis jenis-jenis strategi pengambilan giliran, penelitian ini menggunakan teori Stenstroom (1994).

Temuan dari penelitian ini menunjukkan jenis-jenis strategi tum taking dan fungsinya yang ditemukan di Dive Studio Podcast Building Chemistry dengan WayV's Ten, mereka mengacu pada strategi mengambil giliran (16 data), menahan strategi giliran (15 data), menghasilkan giliran strategi (19 data). Karena fungsinya, mereka menilai pembicara sebelumnya, mengambil giliran tanpa rencana sebelumnya, mengubah topik pembicaraan, mengingat apa yang akan dikatakan pembicara, dan memberi kesempatan kepada pembicara berikutnya. Terakhir, penulis menyarankan agar peneliti selanjutnya tertarik dengan strategi turn-taking. Kemudian peneliti selanjutnya dapat mengamati atau menganalisis topi yang sama dengan objek dan platform yang berbeda.

Kata kunci: Strategi pengambilan giliran, fungsi strategi pengambilan giliran dan Dive Studio Podcast.
