ABSTRACT

Silviana Dwi Puspitasari Nauli. 05.20.411.00047. *The Relationship between Consideration of Future Consequences and Self-Kontrol in Late Adolescents in Surabaya*. Thesis. Psychology Study Program, Faculty of Sosial and Cultural Sciences, Trunojoyo University Madura. 2023.

This research aims to determine the relationship between Consideration of Future Consequences and self-kontrol in premarital sexual relations among late adolescents in Surabaya. This research uses a quantitative approach with snowball sampling techniques. The subjects in this research were late teenagers in Surabaya with the criteria of having had premarital sexual relations and was determined by the number of respondents being 347 respondents. The instrument of this research is the Consideration Future Consequences and Self-Kontrol scale with each aspect and indicator, then the test analysis carried out in this research is Spearman Rank correlation analysis with the help of SPSS.23 Version For Windows software. The results of the research show a significant value of the Spearman rank correlation test of 0.000, which means <0.05 , which means there is a relationship and a correlation coefficient value of 0.324, namely in the correlation interval, the relationship is low or weak. So the hypothesis is accepted, meaning that there is a relationship between Consideration of Future Consequences and Self-Kontrol in late adolescent sexual relations in Surabaya
